

International Journal of Modern Engineering Research (IJMER)

Volume : 11 Issue : 4

ISSN : 2249-6645

Jul.-Aug. - 2021

Contents :

Analysis of automobile energy-absorbing components using FEM	01-06
Cost and Load Effective Tricycle-Design and Analysis	07-19
Investigation of the effect of feed parameters on roughness using Milling process	20-25
Fatigue failure behavior Analysis of Fiber Reinforced Composite Laminates	26-30
