Contents :

The Effect Of Combination Of Livestock Waste And Household Organic Waste as Growth Media on Media Moisture Content, Weight, Population Density, And Length Of Maggots Black Soldier Fly (<i>Hermetia illucens</i>)	01-06
Periodicity in a Periodically Mediated Chemostat with Allelopathic Growth Inhibition	07-22
Design and Construction of A GSM and Internet of Things (IOT)-Based Distribution Transformer Monitoring System Using Atmega 328p Micro-Controller	23-35
The Effect of Molasses Dosage on The Production of Eco-Enzymes from Beef Cattle Feces and Rice Straw on Total Bacteria, Mold, and Yeast	36-41
The Effect of Sun-Drying Time on Water Content, Shrinkage, Tenderness, and Acceptability of Chicken Meat Urutan	42-47
Optimising Health Research in Nigeria: Leveraging Pervasive Computing and Mobile Phone Data Collection for Enhanced Analysis and Dissemination	48-56
Implementing Electrical Energy Storage for Improved Voltage Stability in Power Systems with Substantial Wind Generation	57-66
Research incubators experience in Basic and Secondary Education of Medellin with the support of TIC within the framework of the research component of the CIER Occidente	67-75
The Role of Bamboo as a Sustainable Building Material	76-82
Secure and Efficient Privacy Preserving Provable Data Possession	83-87
OPTI-CRYPTO: Maximizing Returns with Machine Learning	88-91
Traffic Scene Intelligence: A Supervised Learning Approach	92-97
Cryptocurrency Portfolio Optimizer with Machine Learning	98-103
Colorectal Cancer Diagnosis	104-108
Face Detection and Recognition Using Face Mesh and Deep Neural Network	109-116
