

International Journal of Modern Engineering Research (IJMER)

Volume : 15 Issue : 1

ISSN : 2249-6645

Jan.-Feb. - 2025

Contents :

The Effect of Engine Oil Viscosity On Fuel Consumption and Exhaust Emissions	01-10
Development of Wireless Power Transfer and Energy Harvesting Algorithms for Powering IoT Devices and Sensor Networks in Telecommunication Applications	11-14
Assessment of Surface Water Quality for Drinking and Irrigation Purposes in Selected Parts of Ilorin, North Central Nigeria	15-24
Technical Research of Accelerated Durability Test and Road Load Correlation Analysis	25-33
Study of Large Vehicle Safety Warning Systems Based on YOLO	34-42
Fourier Transform Based IR Spectroscopy Apodization effect and Resolution aspects	43-47
The Study of a Following and Obstacle -Avoidance Vehicle	48-56
Impact of Gravel Origin on Concrete Properties: Economic and Environmental Implications	57-65
Numerical simulation on aerodynamic drag of high-speed electrictrains in single track tunnel	66-73
A universal biquadratic circuit employing positive current output OTAs and a CCII+	74-77
